

Rockpanel Metals.
Sleek surfaces with an industrial look.

Modern architecture is often characterised by an industrial design look. Give your high-quality facades an elegant finish. Rockpanel Metals creates amazing effects on facades because of the sheen from the light striking it – even with timelessly modern residential buildings.

Our **Elemental Metals** line consists of the main precious metals such as gold, silver and platinum. It also includes other well-known metals such as aluminium, steel and copper. Our **Advanced Metals** line includes designs which will give your facade a distinctive look. Thanks to our advanced technology, they have an exceptional worn finish that lasts for decades.
