

Rockpanel Natural.
In dialogue with the elements.

The true beauty of a facade is sometimes quite puristic. Be brave – let the sun, wind and rain play their part. Without applying paint or surface sealer, Rockpanel Natural allows the elements to take an active role in your facade. Your building fits organically into its surroundings, in an interactive way from day one.

Rockpanel Natural

Typical natural colour upon delivery

Indicative natural colour after ± 6 weeks (may vary)
